

JAMES HARDIE AUSTRALIA

Certification of Sheeting Products by David Beneke Consulting

Date: FY 2024-2025

Client: James Hardie Australia

Project Description:

As a part of James Hardies ongoing certification process of its sheeting products, David Beneke Consulting was commissioned to undertake 3rd party proof checking and certification of all sheeting products in their range. The products produced by James Hardie that are now certified by David Beneke Consulting include:

- Structural bracing systems
- Box-Framed eaves
- HardieFlex and HardiePanel wall cladding
- Matrix external cladding
- EasyLap and Hardies Fine Texture Cladding
- HardieTex external cladding
- Axon cladding
- Stria and Oblique weatherboards
- Linea weatherboards
- Primeline weatherboards
- HardiePlank weatherboards

Linea Weatherboards Example

The certification of the above products was undertaken in a migratory fashion during the 2024-2025 financial year.

Manufacturing facility – Carole Park
